Mouska-riffic Headphones

Important Message to Customers

Thank you for purchasing one of Disney Micky Mouse many top-quality electronic products. We would appreciate it if you take a few moments to read through these instructions. This will help you explain to the child the safe and proper way to use this product, and to help give it the long-lasting life that Disney Micky Mouse products are designed for.

Using Your Headphones

The ear cups are marked "L" and "R"; when worn properly the headphone cable will be on your left side. The two ear cups may be adjusted up or down for most comfortable fit.

Connect the headphone plug to the headphone jack of your music player. Be sure that the plug is fully inserted into the jack. If the plug is not fully inserted you may only hear sound from one side of the headphones.

To protect your hearing, always start listening with the Volume Control of your music player or game player set to a low level and gradually increase the volume to a comfortable listening level.

IMPORTANT! Listening at high volume for long periods of time can result in long-term hearing damage. For your safety, do not use headphones if they would prevent you from hearing warning sounds, such as while driving a car or motorcycle, riding a bike, etc. Remember that noise isolation type earphones such as these are very effective in blocking outside noise, including warning sounds. Always be aware of your surroundings and do not use these earphones in situations that require you to hear warning sounds.
